Bresson, 509.868.6201 | bresoohn@hotmail.com

## The Active4Youth Mission

Active4Youth exists to heighten the community's awareness of the drastic increase in childhood obesity and the problems it can cause in children's health, as well as increase the awareness of the juvenile delinquency problems that occur in the unsupervised after school hours. Active4Youth will educate the community about the problems facing the children in the Spokane area and begin to put into place programs that will become the solutions to these problems.

The statistics are alarming. There is much work to be done in the community to ensure the children of Spokane do not become just another statistic. With your support, and the support of the community, Active4Youth can begin to provide the positive and safe solutions children and their parents need, but have yet to find. **Won't you please become a part of that solution?**

---

*Active4Youth is a 501(c)(3) nonprofit entity. Its goal is to put over 70% of its sponsorship dollars and donations into after school sports programming.*

*An estimated 16% of adolescents between the ages of 6 and 19 are overweight*

---

*Over the last decade, there has been a 45% increase in the occurrence of childhood obesity*

---

*28 million children in the United States have parents who work outside the home and have little to no access to affordable and safe after school child care solutions*

---

*Children are four times as likely to be the victim of a violent crime, (murder, violent sex offense, robbery and assault) during the after school hours of 3:00 pm to 6:00 pm*
